However, once a child is accepted, so long as the teacher is employed in the Newton Public Schools, the child shall be allowed to attend that school through grade 12 subject to the rules and regulations that apply to Newton residents. Section 1: A member employed by the Newton Public Schools who is not a resident of the City of Newton will have the option of having their child(ren) who resides in the member's residence, and for whom they have legal guardianship, enroll in one of the two high schools in Newton and, on a space available basis, in one of the Elementary or Middle Schools in the Newton Public Schools. The purpose of this provision is to allow the children of non-resident member employees to attend the Newton Public Schools provided that such attendance does not result in the need to add additional classrooms, staffing, programs, services, or to purchase additional equipment or modify facilities. In the event enrollment or attendance of a non-resident members' child would require an additional classroom, additional staff, additional programs or services, or the purchase of additional equipment or modification of facilities, the member and the member's child will be referred back to the school district of the student's residence.

Once a child is accepted for enrollment, and so long as the member remains employed by the Newton Public Schools, and the child resides with the member, subject to the conditions set forth herein, the child shall be allowed to attend that school through grade 12. The right of continued attendance is conditioned upon the payment of the fees and costs set forth in this provision and is subject to the rules and regulations that apply to Newton residents. In addition, every reasonable effort will be made to place siblings in the same school if the parent so requests. 		The Newton School Committee (the Committee) and the Newton Teachers Association (the Association) acknowledge that the Time and Learning regulations issued by the Department of Education pursuant to its mandate under the Education Reform Act of 1993 warrant a change in the existing practices with respect to total teacher hours of employment, length of school day, and work load. In an effort to develop mutually satisfactory changes in the afore-mentioned existing practices, the parties hereby agree on the following Time and Learning changes*: ELEMENTARY SCHOOLS
		[renumber below as necessary]
		1. Thursdays will be a regularly scheduled day, eliminating the "Thursday Afternoon Program."
		2. The Newton Public Schools will offer citywide professional development during the regular school day in either a half or full day timeframe. Teachers will be released from their regular teaching duties during this time, and the district will provide appropriate coverage.
		3. Wednesday afternoon release time will be used as follows:
		Building principals may schedule one staff meeting per month from 1:05-3:00.

- The parties agree to set aside three (3) or four (4) Wednesday afternoons per month (three when there are four Wednesdays in a month and four when there are five) for one hour of Professional Learning Community (PLC) time and one hour of personal planning time. The district reserves the right to use 4 hours per year from this personal planning time for urgent, unexpected, or mandated district-wide staff training or professional development.
- Beginning in the 2017-2018 school year, Special Education Teachers, ELL Teachers, and special area teachers have an average of 4 hours per month unassigned on Wednesday afternoons. Special Education Teachers and ELL Teachers act as consultants for grade level PLC teams and attend those meetings as needed up to 1 hour per month, with the remaining 3 hours being reserved for personal planning.
- Specialists, ELL teachers and Special Education Teachers (e.g., SW/Psych, OT, Learning Center, Speech/Language, PE, Art, Music, Library etc.) may have up to one Wednesday meeting per month with members of their respective departments in addition to the building staff meetings.
- Special Education Teachers and ELL Teachers will have an average of three (3) hours of personal planning time each month, with flexibility from month to month. They may participate in PLC's on the remaining Wednesdays. While on occasion building or other administrators may request and/or require that these educators attend a particular PLC, the professional judgment of the educator concerning when and how to most effectively participate in PLC's should be respected.
- Social Workers and Psychologist and Specialist teachers will continue to reserve one Wednesday per month to use as a job alike PLC.
- Instructional coaches will modify their schedules to allow for the equivalent of the Wednesday planning time during the school day so that they can attend the maximum number of PLCs.
- Teachers will continue to use the Wednesday afternoons adjacent to the two early release teacher discretion Thursdays at their discretion.
- 4. The Elementary Oversight Committee with an equal number of members appointed by the Committee and the Association will continue to meet for the purpose of overseeing implementation of the Agreement and resolving related problems.

A joint subcommittee of the Elementary Oversight Committee will be established for the express purpose of overseeing the Thursday Afternoon Program.
5. There will be one (1) faculty meeting per month.
6. Student arrival will begin at 8:10 when the first bell rings. The instructional hours for students will be four (4) days (M, Tu, Th, F) from 8:20 AM to 2:50 PM, and one (1) day (Wednesday) from 8:20 AM to 12:20 PM.
7. The district will schedule six (6) eight (8) early release Thursdays per year at approximately six (6) four or five (4 or 5) week intervals. Of these six eight, four may be used for district or building based professional development or training, and two four shall continue to be used at the teachers' discretion, two of which shall be scheduled during the elementary conference periods.
8. The Committee will have the option, beginning with the 2016-2017 school year, to permanently change the Tuesday elementary dismissal time to 12:45 pm from 12:30 pm. If the Committee exercises this option and if the terms of the Memorandum of Agreement (MOA) dated April 27, 2015, which changed the start time to 8:25 am are no longer being observed, then the restriction on the use of additional time for social and emotional learning purposes will remain in effect through the 2017-2018 school year as described in the MOA.
If the Committee exercises this option, preparation time for all elementary school teachers will, at the same time, increase to a minimum of 180 minutes per week. This increase will be effective concurrent with the change in the elementary dismissal time. The Tuesday elementary school day for teachers will remain the same length, even with contact time increasing by fifteen (15) minutes. The thirty (30) minute duty free lunch time, as well as allocation of adequate travel time for teachers, remains in effect.
The School Committee and the Association acknowledge that there may be recommendations from a Joint Committee to be established during the 2015-2016 school year (pursuant to the clause "Elementary/Middle School Time Issues: Thursday Afternoon Program") that may lead to changes in this Committee option. Any such changes are subject to approval by the Committee and the Association.

HIGH SCHOOL TIME AND LEARNING AGREEMENT

The following agreement is specific to the proposed high school schedule developed by a joint committee of educators from Newton North, Newton South and the Newton Public Schools and

completed during the 2018-19 school year. The agreement allows that minor changes may be made to the schedule to allow for unanticipated contingencies, such as accommodation to bus schedules, response to faculty feedback, etc., by the High School Joint Oversight Committee.

Upon ratification of the 2019-2020 and 2020-2023 Units A, B, and C contracts, Section 1 of the revised High School Time and Learning Agreement below will come into immediate effect, charging the High School Joint Oversight Committee (HSJOC), among the responsibilities listed below, and within the parameters of its charge, with determining whether, when and how the new schedule shall be implemented. Section 8 will also immediately come into effect.

The remaining sections of this revised High School Time and Learning Agreement will take effect upon implementation of the new schedule. The High School Time and Learning agreement from the 2015–18 NTA-NPS Contract will remain in effect until a new schedule is implemented.

1. Within 30 days of ratification of this Agreement, the Association and School Committee will appoint an equal number of representatives to the High School Joint Oversight Committee. Both the Association and the School Committee may appoint members of Unit B as their respective representatives, but for purposes of tallying the number of members appointed by the Association and the School Committee, a Unit B member shall count either as a representative of the Association, or as a representative of the School Committee.

The High School Joint Oversight Committee will convene for the purpose of overseeing implementation of the this Agreement and resolving related problems. Prior to implementing the new schedule, the HSJOC shall:

- By majority vote determine whether and when to implement the new high school schedule. Said implementation shall occur no sooner than September 2021.
- To account for unanticipated contingencies, make minor modifications to the proposed schedule:
- Present recommendations on the organization and administration of flexible learning time.
- Create guidelines for part-time educators regarding duties, responsibilities during flex time, Tuesday afternoon meeting time, and professional half days.
- Bring clarity to what counts as an academic duty.
- Assess and make recommendations regarding the translation of courses that currently meet 2 days per week to the new schedule format.

Once the new schedule is implemented, [T]he responsibilities of the High School Joint Oversight Committee shall include, but not be limited to:

- Review the impact of a new schedule and assess its implementation, including the organization and administration of flexible learning time, effectiveness of professional development offered, and other impacts.
- Make recommendations to the Committee and the Association about any changes to the start and end time for the high school day.
- Make recommendations to the Committee and the Association should any need arise for significant changes to the schedule for the two high schools. Any changes to the high school schedules other than those contemplated in this agreement shall be subject to bargaining and ratification by the parties.
- 2. The Committee recognizes its obligation to bargain with the Association over mandatory subjects of collective bargaining, including the provisions of this High School Time and Learning Agreement.
- 3. For the 2020-2021 school year, at least seventy-five percent (75%) of total time spent professionally (on Tuesday afternoons and half days) will be designed to support instruction in the new schedule. Educators will spend at least half of this time collaborating with each other on instructional change and curricular development.

In the first year of implementation of the new schedule, at least seventy-five percent 75% of total time spent professionally (on Tuesday afternoons and half days) will be designed to support instruction in the new schedule. Educators will spend at least half of this time collaborating with each other on instructional change and curricular development.

In the second year of implementation of the new schedule, over fifty percent (50%) of total time spent professionally (on Tuesday afternoons and half days) will be designed to support instruction in the new schedule. Educators will spend at least half of this time collaborating with each other on instructional change and curricular development.

The Committee and the Association agree that no major initiatives not related directly to supporting instruction shall be implemented in the high schools during the year prior to implementation of the new schedule, and in the first year of its implementation.

In the event of a catastrophic event or other emergency, the above goals will not apply.

4. Teachers of English, English Language Learners, History and Social Science, Mathematics, Science, Engineering, World Language shall be required to teach four (4) classes or the equivalent. Special education teachers teaching a full load of courses or supporting students in the above subject areas

will also teach four (4) classes or the equivalent. All other teachers shall teach five (5) classes or the equivalent.

Beginning in the 2024-2025 school year, all other teachers shall also teach four (4) classes or the equivalent.

5. Teachers shall not be assigned traditional duties. Teachers who teach four (4) classes may be assigned academic duties with a maximum requirement of two (2) duties/week depending on teacher workload.

Teachers who teach five (5) classes may not be assigned duties. Unit B members may not be assigned duties.

Academic duties may include, <u>but are not limited to</u>, administering student assessments, including IEP related testing, and attending or leading IEP team meetings.

Teachers may volunteer in writing, on a yearly basis, preferably prior to the close of the school year each June, to exchange up to two (2) academic duties for up to two (2) voluntary traditional duties.

Traditional duties shall be defined as hall duty, cafeteria duty, and detention duty.

Teachers who volunteer for traditional duties will send the signed form to the Principal/Vice Principal for assignment.

- 6. Flexible learning blocks in the schedule will be used for student flexible learning time facilitated by teachers, as well as teacher collaboration time, as specified below:
 - The schedule will include no more than 260 minutes of flexible learning time per week;
 - Teachers may be assigned to work with students up to three hundred and forty (340) minutes every two weeks;
 - Educators (with exceptions noted below) shall be assigned at least 100 minutes of teacher collaboration time during flexible learning time every two weeks; educators may elect to work up to fifty minutes more every two weeks with students, taken from collaboration time.
 - Counselors and psychologists shall be assigned 100 minutes of collaboration time every two weeks; collaboration time for counselors and psychologists may be assigned during teaching blocks rather than flexible learning blocks in order to maximize counselor and psychologist availability for students during flexible learning time. This time for collaboration is in addition to Tuesday meeting time or professional half days.

- Educators shall not be assigned more than 10 flexible learning blocks, including student flexible learning time and collaboration time, every two weeks.
- Flexible learning blocks may be used to assign Unit C members collaboration and/or planning time.
- Unit B members will be fully engaged during flexible learning blocks. They will participate in supporting student learning and faculty collaboration during flexible learning blocks on a floating basis.
- Part-time staff will be assigned responsibilities proportional to their FTEs and respecting their part-time schedule.
- No later than January of the second year of implementation, the HSJOC will meet to consider revising the flexible learning time expectations for student time and collaboration time. The goal of the HSJOC will be to decrease educators flexible learning time with students per two week period by 50 minutes and increase collaboration time for the same period by 50 minutes, without increasing overall staffing needs for high schools or creating unsafe supervision loads during flexible learning time.
- 7. It is the intent of the Committee and Association that high school students will have a minimum of 990 hours of time on learning via traditional and flexible learning time.
- 8. During the 2019-2020, 2020-2021 and 2021-2022 school years, the parties agree that all full-time high school English teachers will be capped at 258 students (21.5 students average class size).

Beginning with the 2022-23 school year, the parties agree that all full-time high school English teachers will be capped at 264 students (22 students average class size) over a three-year period.

A calculation of the total number of students each English teacher has taught for the 2019-2020, 2020-2021, and 2021-2022 school years shall be provided to the Association by March, 2022. The calculation of the three-year total shall then restart in the 2022-2023 school year, and every three years a calculation of the total number of students each English teacher has taught during the past three years shall be provided to the Association by March of the third year (2025, 2028, etc.). The

		district will include all relevant information the Association needs to ascertain compliance with the cap when it provides this calculation, including, but not limited to, faculty FTEs during the three-year period, any hire, leave, or resignation/retirement dates relevant to the calculation, etc.
		The cap will be applied pro-rata for part-time teachers working at least 75% time. The cap will be applied pro-rata for teachers who have not worked a total of three years when a calculation of the cap limit is computed with an additional variance of two students per class on average for each year less than 3 completed.
		Any FTE reductions resulting from the increase in the cap will be achieved through attrition and not through a Reduction in Force (RIF).
		9. The current practice of scheduling at least one high school conference time between 4:30 pm and 7:30 pm will continue.
		10. Faculty meetings and weekly professional development meetings will <u>begin no earlier than 8:00</u> , <u>take</u> <u>place</u> end 10 minutes <u>after before</u> the <u>last first</u> class each Tuesday, and will be no longer than one hour and <u>30 20</u> minutes in length.

	Unit E, Article 13, Work Day – Work Year	11-21-22	• Effective September 1, 2023, modify Article 13, "Work Day – Work Year" Section 2 to define the Unit E work week as thirty-seven and one-half (37 ½) hours per week. (Forty (40) hours minus a paid daily one half (1/2) hour lunch break.)			
			ARTICLE 13			
				<u> Work Day - Work Year</u>		
			Section 1:	It is the intention of the Committee to maintain the existing practices with respect to total Unit E member hours of employment, length of work day, and work load. If considerations and circumstances warrant a change, the Committee will notify the Association of the contemplated change, and the Committee will confer with the Administration and staff concerning the contemplated change. In making its decision, the Committee will attempt to reach a decision that is mutually satisfactory.		
			Section 2:	Unit E members shall work at their assigned duties each day for whatever reasonable time may be necessary.		
				The work week for Unit E employees shall be thirty-seven and one-half (37 ½) hours per week. (Forty (40) hours minus a paid daily one half (1/2) hour lunch break.)		
			<u>Under normal circumstances. Unit E members shall report to work for forty (40)</u> hours per week.			
				<u>Under exigent circumstances, Unit E members may need to report to work for more than forty hours in a given week.</u>		
				In order to ensure that the average number of hours worked per week shall not exceed thirty-seven and one-half (37 ½), the Committee agrees to provide compensatory time off for employees who have worked more than thirty-seven and one-half (37 ½) hours in a given week.		

			Employees may accrue up to thirty-seven and one-half (37 ½) compensatory hours,
			and may use these compensatory hours in like manner to the use of vacation days.
			Once an employee has accrued thirty-seven and one half (37 ½) compensatory hours, they may not accrue additional compensatory hours. These thirty-seven and one-half (37 ½) accrued compensatory hours may be carried forward indefinitely, but no new compensatory hours may be accrued until the total number of accrued compensatory hours is below thirty-seven and one-half (37 ½).
			Unit E employees are responsible for keeping a record of their compensatory hours. On a monthly basis, they must submit a form (to be agreed upon by the Parties) to their supervisor that shall state the balance forward of accrued hours from the prior month, the number of accrued compensatory hours used, and the number of additional hours worked that must be compensated.
			The supervisor must approve these hours. Said approval shall not be unreasonably withheld.
			The aim of the Parties is that Unit E employees regularly work an average of thirty-seven and one-half (37 ½) per week.

		11-30-22	NTA Questions/Comments There is no contract language this would replace. Is this intended to be a side letter? • What is the district contemplating with this proposal? Is it intended to replace the current agreement on elementary prep time, which includes a budget line of \$100,000 to increase preparation time? • Second concern: District leadership has not been able to find the time for the Labor Management contemplated by the prior contractual obligation. This seems more sweeping in scope. How will management find time for this? • It does not seem to be part of this proposal, but is the district contemplating the committee might recommend a longer school day? • What does the district intend to do with the proposal once it is returned to the parties? Ayesha's responses to the questions Chris and I raised during the session seemed evasive: From Sue's Minutes: "started to talk last year, increasing planning time, multilevel issue, figuring out where does time come from - issue from teachers and admins, construction of the day and minutes on planning time, to make decisions about increasing planning time need to take into account of daily minutes - is this really possible? What are we trying to achieve in the

		elementary school day? How does that picture look like that is inclusive of planning time in overall school day?" I mentioned my frustration, because I had proposed we use the money to run a pilot in one or two schools, to which Ayesha responded: "we had different takeaways from last year. Sense of pilots was what could we do with \$100,000? Teachers complain about the nature of the elementary school day, chance to make changes that would be good for kids as well as improvements for staff as well."

NPS Reject		2-13-23	NPS: Reject, everyone in unit B should have a DESE admin license. Not the right thing to do with position.
NPS Reassert		3-16-23	NTA reasserts: The position should be in Unit B, and the job description should require a MA degree or above in Measurement, Evaluation, Statistics, and Assessment in Education—or a similar degree—from a school of Education. Rationale: It is true that Katie does not hold an administrative license from DESE.

		But DESE does not offer a license for data-related work; nor is there a governing body related to this type of work, so there isn't a place to get a license/certification. Katie does hold a PhD in Measurement, Evaluation, Statistics, and Assessment in Education, which is directly related to the work she does in Newton. Although this is not a license, it is a degree that requires intense, demanding and substantial work focused specifically on training that is utilized on a consistent basis in this role. That should hold as much weight as a license. The fact that a license/certification for this work does not exist should not preclude the position from being in Unit B.
